

## Project scope

Name:	Abraham Mugerwa
Community (UN SD goal):	Regina Elementary Schools (#2 Zero Hunger)
Date:	2021/10/19

<b>Project Name</b>	Eatable
<b>Project Deliverables</b>	
Restaurants Connecting with each other and the Application	<p><i>Connecting Restaurants to Fridge Inventory</i></p> <p>The participating restaurants need to be able to know the current status of the fridge items at the school and see what Items they can add based on what they have in excess.</p> <p>They will also be able to commit which items they can make to avoid conflict with other participating restaurants and make collaboration smooth.</p>
Volunteers Connecting With Restaurants	<p><i>Connecting Volunteers to Restaurants</i></p> <p>Volunteers can see which orders have been placed and arrange a pick up time from the restaurants, along with some instructions for dropping off.</p>
Schools and Kids Utilizing the application	<p><i>Connecting Kids to Fridge Items</i></p> <p>Kids/parents can see what items are available so they know they will have a meal.</p> <p>They can also be allowed to select which meal they would like from the options so that they can be assured they will have something.</p>
<b>Project Exclusions</b>	
Digital interface for the fridge to allow customers to swipe through and select their items, allowing easy ease of tracking items in and out.
